Education Background

- Polytechnic University of the Philippines Sta. Mesa Branch

  Bachelor of Science In Computer Engineering
  Completed in 2019

About Me

My name is Keith Andrew but you can also refer to me as "**Kasper**". I have experience in Web Development especially in the areas of using **JavaScript** and **PHP** frameworks. I'm a **backend** engineer but I'm also capable of **frontend** work on my own. I'm not afraid to expand my horizon and willing to learn more frameworks and languages in the future. I'm a happy go lucky person that anyone can talk to with no problem.
